ME501/AE538 Mid-Term Exam

The mid-term exam will be conducted on the 25\textsuperscript{th} of March from 5 – 7 PM Central Time.

This exam will be conducted remotely via Zoom and Gradescope. Students will join the zoom call at 5 PM and stay on the call until the exam is completed. The exam will be posted on Gradescope at 5 PM. At the end of your exam, you’ll photograph or scan your written exam paper, and upload to Gradescope. You can email it to me if you’re having trouble at glumac@illinois.edu.

Here is the Zoom Meeting link:

https://illinois.zoom.us/j/87851789371?pwd=aWZZME1kUFpUZkQvUGt3T3gxYmhVQT09

Meeting ID: 878 5178 9371    Password: 053797

For the exam, we’ll use simple remote proctoring. Set up a camera to record your workspace like these images:

![Camera Images]

In general, the camera should be able to see you, your screen, and the area in which you are working.

The exam will be closed book and closed notes. I will provide a formula sheet (it’s already up on the class website) as part of the exam.

I expect the exam will take 1 hour 50 mins, and you’ll have 10 minutes to scan/photograph and email your paper. Papers received with timestamps after 7 PM will not be accepted.

The exam will cover material up through the lecture of March 18\textsuperscript{th}. You will need a calculator, paper, and writing implement, but nothing else.

Please email me in advance with any questions or concerns.
